

## 99+ Things To Do Before You Die...

There are lots of experiences in life that people will tell you are unmissable. Don't wait till you're old before trying to tick them off - start now! 99+ Things to do before you die... is not as serious as you might expect. It contains a selection of those things that everyone should do in their lifetime. Each page lists an idea along with an inspirational picture and interesting fact about the suggested activity. To help you keep track and remember these activities, there are additional spaces in which you can add your personal notes and feelings as a memento of each accomplishment. The last section allows you to enter your own personal targets to complete your dreams and ambitions. Over time it will build into an individual account of your life experiences and serve to remind you of all those things you have attempted - whether successful or not. Carry this book through your life journey and use it as motivation to achieve and expand your goals. Note: This is a black and white version; a colour version is also available.
