

Character Education: Grades K-6 Year 2

Book two in a four book series which encompasses a complete two year program of character education. Each year encompasses nine universal values - one value for each month of the school year. These values are taught through lessons from a variety of cultures. As students learn about and practice a value each day by reading stories, participating in class discussions, and planning community service projects, that value will find a place in and have a positive influence on their daily decisions and actions.
