

## Mama and the Hills of Home

Mama lived a life of prayer and song, in good times and in bad. Living on an isolated farm when her husband died, she sang and prayed her eight children through the Great Depression and on into adulthood. She strategized ways to encourage their commitments to moral conduct and service to the larger community. In *Mama and the Hills of Home*, we follow the spiritual growth and social maturation of the youngest daughter, Essie Kathryn. The hills mark her for life as her mother instills in her a value system and a religious faith. That faith is tested as she grows up, goes to college, marries, and pursues the teaching profession. Participate in the challenges and share in the spiritual triumphs of Essie Kathryn Scott Payne as she shares her story and the power of loving ones heritage.
