

Memoirs of a university life

The book, *Memoirs of A University Life* gives a blow by blow description of the experiences encountered by a group of part time students, while on a five year long journey through the halls of their university. The account is given as seen through the eyes of the author, who was one of the students in the group. This book is however a very good read for students who are currently pursuing their university education or is planning to do so in the near future. In its pages are very vital pointers and tips to help them attain an exemplary tertiary level education. Each chapter covers the experiences and challenges encountered in particular years.
