

# RTI: Speech and Language Interventions for the Regular Classroom Teacher

Research-based speech and language interventions for the regular classroom teacher. Interventions include language processing (following one and two-step directions, answering wh questions) and speech articulation sound practice. Over 70 sound practice sheets focusing on initial, medial, and final sounds included as well as easy-to-follow directions and data collection sheets. A must-have for teachers implementing RTI interventions for students with speech and language difficulties and also a great resource for Speech Language Pathologists to assist teachers in implementing Evidence-Based interventions for students.
