

Sunless Shadows: A Love Story

David is a man who grew up during the Cold War years in a time when his world condemns the Soviet Union without understanding the people and places. He developed a fascination with Russia because of the events he lived, the dread of nuclear war, as well as Hollywood's favorite bad guy of those times, the Soviets. His coincident dread and curiosity later became eager anticipation, and a decade after the fall of communism, he decided he must travel there to find for himself what surprises Russia held for him. His story is a journey through life, but above all, a love affair between a Westerner and a Russian woman, in Siberia, that starts with Internet scams and deception, intrigue and mystery, and develops into multiple unanticipated events that seemed to be connected only by destiny. You will enter David's mind and heart, and thrill with him as he discovers that feelings know no physical barriers and are only subject to fate and time.
