Your Chicago Irish... Where the Culture Is
Grand, the Community Lively, and Good
Craic is Legal Being Irish in Chicago
means youre twice blessed first with a
proud heritage, steeped in rich history and
cultural traditions, then with a hometown
abundant in opportunities to explore and
celebrate your roots. In Chicagos Cook
County alone, more than 500,000 residents
claim to be Irish descendants. When Irish
immigrants in search of a better life settled
in neighborhoods such as Mt. Greenwood,
Beverly, Lakeview, Jefferson Park, and
Edison Park, raising families, building
parishes, and contributing their talents to
help shape this city, they imprinted on
Chicago the enduring reflection of their
identity. Shamrocks and green beer may
fuel stereotypes, but Sharon Shea Bossard
steers past the paddywhackery of such
limited views of what it means to be Irish.
In Finding Your Chicago Irish, Bossard
offers a comprehensive, entertaining field
guide to the heart and soul of Irish heritage
and culture in Chicago. This unique GPS
of sorts will give you instant access to
destinations and resources available to
anyone with an interest in Chicagos Irish
community. The tourist in you will love
Bossards infectious encouragement to
explore and the fascinating details she
weaves into her roadmap. Navigate with
ease to: --Local venues and heritage
centers that preserve Irish cultural legacies
in the arts, sports, organizations, clubs,
holiday events, and a host of Irish-themed
activities. --Educational opportunities:
Discover the Irish language, get involved
in Irish theater, get your jig on, or learn to
play an Irish instrument; travel to Ireland
for total immersion. --Cultural experiences
for kids and teens. --City and suburban

Irish pubs and restaurants, specialty stores, entertainers and instruments makers, and even sources for Irish canine companions. --Irish radio shows, TV, newspapers, magazines, newsletters, and websites. --An informative genealogy section to inspire you to research your Irish roots and investigate the possibility of becoming an Irish citizen. --Family recipes for your own authentic taste of Ireland. Chicago is no Second City when it comes to the Irish, says Bossard. But you don't have to be Irish to appreciate the traditions and culture of an ancient land whose history reflects the spirit of America. If you spend enough time exchanging good craic (social life) with the Irish, you'll be talking with a lilt to your voice in no time at all.
